

Ulster County

***Volunteer Firemen's Association
90th Annual Convention and Parade***

Hosted by the

Ellenville, New York

Saturday July 26, 2025 1PM

We Appreciate Your Support

A Fireman's Prayer

*When I am called to duty, God,
wherever flames may rage. Give me
strength to save a life whatever be its age.*

*Help me to embrace a child before it
is too late, or save an older person
from the horror of that fate.*

*Enable me to be alert and hear the
weakest shout, and quickly and
efficiently to put the fire out.*

*I want to fill my calling and to give
the best in me. To guard my every
neighbor and protect his property.*

*And if according to my fate, I am to
lose my life, please bless with Your
protecting Hand my children and my wife.*

Welcome!

On behalf of the Ellenville Fire District and the Ulster County Volunteer Firemen's Association, I extend our heartfelt gratitude for your participation in the 2025 Annual Convention and Parade held in the Village of Ellenville on July 26. Your presence and support will make this event a resounding success.

This year's parade featured a diverse array of participants, including marching units, color guards, fire apparatus, and ladies' auxiliaries, all showcasing the dedication and spirit of our volunteer fire service community. The event not only highlights the rich history of our fire departments but also fosters camaraderie and mutual respect among fellow volunteers and the communities we serve.

We are honored to host such a distinguished group of fire service professionals and supporters. Your participation exemplifies the strength and unity of our volunteer fire service, and we are deeply appreciative of your commitment to this tradition.

Looking ahead, we hope to continue this tradition and further strengthen the bonds within our community. Your involvement is vital to the success of these events, and we look forward to your continued support in the future.

Thank you once again for your dedication and service.

Sincerely,

Frank Bauer

**President, Ulster County Volunteer Firemen's Association
Ellenville Fire District Convention Committee**

Remembering the History of the Ellenville Fire District on the 90th Anniversary of the Ulster County Volunteer Firemen's Convention and Parade

The Village of Ellenville was formally incorporated in March 1856, prompting the community to establish a fire department for organized fire protection. During its first meeting in April 1856, the Village Board passed a resolution which led to the founding of the **Ellenville Fire Department and the formation of Pioneer Engine Company No. 1**. A petition from citizens highlighted the need for this organization, and on March 13, 1856, a special Board of Trustees meeting resulted in the adoption of a resolution for the Fire Company. Members were officially appointed, and the company was established with an organizational meeting taking place on March 16, 1857, at the Terwilliger House, led by Abram F. Carling with Nial T. Childs as Secretary.

Following the initial organization, **By-Laws were adopted, and by July 1857**, a confirmed list of officers and members was presented to the Village Board, officially launching the company with governmental endorsement. Pioneers were initially responsible for a hose and cart, which marked the beginning of their crucial work in fire protection. With limited public financial support, company members invested their own funds to purchase equipment and soon donned smart uniforms that became a symbol of community pride. **The first engine, a hand-bar pumper bought in September 1857**, was a significant acquisition as it was designed to draw water from local sources, though operating it required substantial manpower.

Pioneer Engine Company No. 1 continued to grow as it attracted strong young men from Ellenville, developing a tight-knit community by renting quarters along Canal Street. The company played an integral role in civic life, celebrating Decoration Day in honor of Civil War heroes and fostering social ties among members. By 1870, the Village constructed a Firemen's Hall on Canal Street, which became the headquarters for fire apparatus and community gatherings. This hall featured a fire bell that summoned volunteers during emergencies. The community's historic prints of firemen and the hall's bell—displayed prominently—testify to the enduring respect for volunteer firemen.

As Ellenville expanded, the need for additional fire companies became apparent. **Scoresby Hose Company was formed in 1872** to manage fire hoses and equipment after the introduction of the village's first reservoir system with hydrants in 1871. This development enhanced firefighting efficiency, leading to a formal acknowledgment of Scoresby Hose Company No. 1 by the Village Trustees, allowing it to establish a maximum of twenty-five members. The company was named in honor of Dr. William F. Scoresby, a local physician and civic leader.

Scoresby Hose Company quickly proved its worth by responding to fires shortly after its formation, including a significant incident at the Morse plaster mill in 1872. **The Kimble Hose Company was later established in 1889** in response to residents' requests for more effective fire response in the eastern section of the Village. The advancements in the water supply fostered healthy competition between Pioneer Engine Company and Scoresby Hose, further motivating both groups to improve their equipment and operational practices. By 1888, Pioneer Engine Company transitioned from the hand-bar pumper to a more modern apparatus, and their rivalry pushed both companies to strive for excellence in firefighting.

Following renovations in response to changing needs, Pioneer Engine Company purchased a jumper in 1888, while Scoresby Hose continuously sought better equipment and accommodations for its operations. Each company established its headquarters for social events, although Pioneer Engine Company increasingly envisioned a dedicated building. In 1904, this aspiration materialized with the creation of Norbury Hall, offering permanent facilities for both apparatus storage and community events. Financial support from local benefactor Sarah Stoddard Norbury aided in its establishment.

Scoresby Hose Company also aspired to have its own headquarters, with the Scoresby Building Association formed in 1910 leading to a dedicated clubhouse designed by local architect George Young. This building symbolized the evolution of the company and hosted numerous public and internal events. During this time, the former **Excelsior Hook and Ladder Company** disbanded unsuccessfully several times, eventually passing its apparatus to Scoresby after it could no longer maintain its operations. The merger allowed for organized firefighting resources across the companies, with Scoresby adapting to manage both hose and ladder services as the need arose.

Continued advancements in firefighting technology prompted significant organizational changes. At a local level, the creation of fire police in 1939 illustrated an expansion of responsibilities, while state-wide affiliations offered volunteer firemen greater support and resources. **By 1946, the Ellenville Fire Council was formed**, representing all three fire companies to enhance coordination and response capabilities.

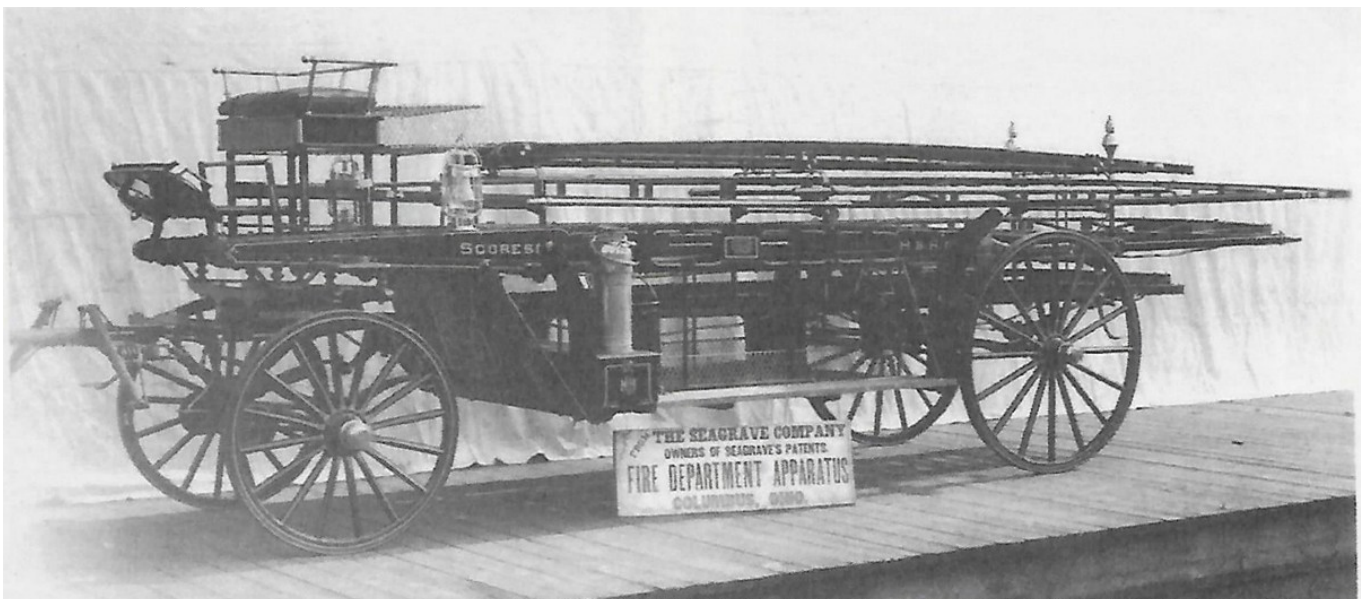

As the 1940s progressed, aging fire apparatus led to the procurement of newer equipment, including a **1948 American La France pumper**, which replaced Pioneer's first motorized unit. Scenarios necessitated continuous improvement in apparatus, leading to an ongoing cycle of upgrading vehicles to serve the growing needs of the community. By the late 1970s, Pioneer Engine Company undertook a project to expand their garage space, allowing for housing of further advanced equipment to ensure efficient service.

In 1982, the fire department transitioned from village governance to form the Ellenville Fire District, creating a new framework for operation. Noteworthy is the inclusion of female firefighters, showcasing a commitment to diversity and inclusivity within the ranks of the service. Over the years, scores of volunteers dedicated time and effort to maintain high standards of firefighting and safety education for the public, including establishing a Junior Firefighters Program.

Commemorating 150 years of service in 2022, Scoresby Hose and its sister companies reflect a profound dedication to community safety, sharing camaraderie built on shared goals. This milestone represents the continuance of volunteer service that began modestly in the mid-19th century while adapting to meet modern demands. **Together, the companies form a vital component of Ellenville's identity, often celebrating successes through community events like parades, balls, and other observances that unite the town while honoring the legacy and contributions of the volunteer firemen.**

From its inception, the **Ellenville Fire Department** has fostered a spirit of service and dedication, infused with pride and a sense of responsibility. Through the cooperative efforts of its members, it illustrates the community values and historical significance of volunteer firefighting in Ellenville, carrying forth a legacy that will likely endure for generations to come.

Today we share a proud history as we celebrate the **90th Anniversary of the Ulster County Volunteer Firemen's Convention and Parade.**

The Ellenville Fire District Honors the Memory of:

Wayne T. Freer of Floyd Ackert Road, Esopus, NY passed away on January 22, 2025, after a brief battle with pancreatic cancer, at Vassar Brothers Hospital surrounded by those he loved most.

Born in Kingston, New York to the late James T. and Mary (Simpson) Freer. Wayne was a devoted husband, father, brother and a pillar of his community.

Wayne had an extensive career in law enforcement that spanned 50 years which was comprised of time with the City of Poughkeepsie Police Department, the Ulster County Sheriff's Office and the Kingston Police Department. Following his retirement from the Kingston Police Department, Wayne went on to spend 12 years as the Director of Public Safety at SUNY Ulster. Wayne also served as a Town Councilman for the Town of Esopus for 16 years.

Wayne's true passion was found in his experience in the fire service. Wayne was a member of the Esopus Fire Department for 55 years, serving as a former Chief, Safety Office, and most recently Chairman of the Board of Fire Commissioners. Wayne was also a life member of Town of Esopus Volunteer Ambulance Squad. Wayne served as the Director of the Ulster County Arson Task Force. He was most known for his role as Ulster County Deputy Fire Coordinator, 56-3. Wayne had a positive impact on multiple generations of first responders. His life is defined by his service to the community.

Wayne is survived by his wife, Jane Freer (Soderback), his children, William Freer (Jennifer), Victoria Marchello (Phil), Katelyn White, and Matthew White, as well as his brother Robert Freer (Blake) and his uncle, Doyle Barger. He is also survived by his grandchildren, James and Noah Freer.

Wayne T. Freer

From your friends at

Napanoch Fire Company

Host of the 2026
UCVFA Convention and Parade.

Past Presidents

Santo Chan Rivera
James Wynkoop
Ed Wilhelm
Rick Dillon

Thank you Ellenville Fire District

Your dedication is appreciated and
admired throughout our
community.

**Congratulations
Ulster County Volunteer Firemen's
Association for your 90th
Anniversary Celebration!!**

Your friends,
Geoff and Heather Hazzard

Humiston and Loucks
Funeral Homes.

Great Gunks LLC

Campwoods Lane

Ellenville, NY 12428

Operates guided rock climbing services in the Shawangunk Ridge (also known as The Gunks) in New York. We provide private guided climbs for groups, offering gear rentals and park passes, and operate primarily during the rock climbing season (April-mid December), with winter options for warm, sunny days. They are specifically authorized to operate at three locations: Minnewaska State Park, Mohonk Preserve, and Mohonk Mountain House.

Guided Climbing:

Great Gunks LLC provides private guided rock climbing experiences for groups, with a guide-to-climber ratio of up to 4:1, potentially higher for special groups.

Equipment:

We provide loan of technical equipment like helmets, harnesses, and rock shoes, as well as park passes.

Season:

The primary climbing season is from April to mid-December.

Winter Climbing:

We offer winter rock climbing on warm, sunny days and have a Winter Rock Skills program for technical skills development.

Authorized Areas:

We are authorized to operate at three key areas: Minnewaska State Park (Peter's Kill and Dickie Barre), Mohonk Preserve (Trapps, Near Trapps, Millbrook, Lost City, and Bonticou), and Mohonk Mountain House (Sky Top).
